An Unfailing Effort for Environmentally Sustainable Development

CAMPAIGN ON MOSQUITO FREE INDIA

YOUNG FRIENDS of Environment (YFE): Ambassadors for Sustainable Development (ASD)

The YOUNG FRIENDS OF ENVIRONMENT - AMBASSADORS for SUSTAINABLE DEVELOPMENT are planning to launch Campaign on Mosquito Free India.

The campaign is for developing awareness and action among citizen on the menace of mosquito and how the health of community can be improved. In India and many tropical countries and area the mosquitoes are serious health problems and cost the loss of life health and economy.

There are number of mosquito genera and species which are found in standing water where their needs are met. The malaria, dengue and chikungunya are becoming very common epidemics in tropical countries including India. Numbers of people suffer due to these diseases and sometime this can be fatal also.

The efforts of citizen are important in destroying their habitat by emptying their breeding habitats and sites of reproduction. The small efforts of community can save the life of citizen and help in improving human health. The participation of youth/students/teachers/scientists/community leaders/ panchayat representatives/ health officials and local bodies can play important role in this endeavor. The campaign will also help the Swachh Bharat Abhiyan the dream program of Hon'ble Prime Minister Shree Narendra Bhai Modi
